

Shape the future
of financial
technology. Join us.

We are in the process of adding a modern user interface to our software platform DECIDE. For our Hamburg office, we are looking for an experienced

Frontend Developer Angular 2+ (m/f/d)*

Your roles and responsibilities

- > Development of complex, high-performance and user-friendly frontends and apps based on the Single Page Application Framework Angular (Version 2 and higher)
- > Jointly responsible with the team for designing solutions that are easy to use on mobile devices such as tablets and smartphones, both online and offline

Your skills and competencies

- > STEM degree
- > At least five years of professional experience in frontend development
- > Excellent knowledge of Angular 2+ (JavaScript/TypeScript) and RxJS
- > Extensive know-how in the relevant web technologies HTML5, CSS3, incl. LESS or SASS
- > Advanced project experience with technologies such as WebSockets, REST, OAUTH 2.0 and OpenID
- > Practical experience with responsive designs to ensure user-friendly application on mobile devices
- > A plus would be experience with PrimeNG, ag-Grid and High-Charts
- > Overall passion for software development and utilization of new technologies
- > Proactive, analytical mindset, initiative and passionate about realizing exceptional software
- > Team player with good communication skills

What we offer

- > Challenging, interesting and versatile tasks while working with state-of-the-art, innovative software and system technologies
- > Room for creativity and personal achievement
- > Excellent prospects for personal development and assumption of responsibility
- > Extensive support and introductory training provided by a highly motivated, professional team in a pleasant working atmosphere
- > Open, dialog-oriented corporate culture, fast decision routes
- > Flextime policy
- > An easily-accessible work location in Hamburg's prestigious neighborhood Winterhude

Is this what you're after?

Then our team is your place to be! We're looking forward to receiving your application, including salary expectations and the earliest possible entry date. In case you have any questions, don't hesitate to contact us by phone or via e-mail.

pdv Financial Software GmbH

We develop the future. Based on DECIDE, the modern end-to-end software platform for the capital market, we support banks, brokers and stock exchanges to successfully drive their digital transformation.

For over 25 years, we have brought innovative solutions for the financial industry to market, enabling our clients to keep ahead of the competition and to benefit today from technologies and applications which will set tomorrow's standards. Currently we are 70 highly motivated professionals and want to grow our team. Get aboard!
