

Shape the future
of financial
technology. Join us.

We are in the process of extending our software platform DECIDE, using innovative modules for modeling/displaying the entire lifecycle of securities and stock exchange processes. For our Hamburg office, we are looking for several

Analysts/Software Developers (m/f/d)*

Your roles and responsibilities

- › Requirement engineering for securities and stock exchange processes
- › Creation of specifications, concepts and design of functional extensions and new features
- › Solution development for computer-aided real-time processes, software architectures and enterprise application integration
- › Realization of your ideas and concepts within a team

Your skills and competencies

- › Open-mindedness towards requirements from the financial and securities business
- › Know-how in methods of business process modeling
- › Experience with established software development processes and object-oriented programming as well as with software design tools (OOA&D, UML, DDD)
- › Independent, structured and responsible approach to your work
- › Proactive mindset, analytical skills and initiative
- › Friendly and communicative
- › Good working knowledge of German and English

What we offer

- › Challenging, interesting and varied tasks
- › Room for creativity and personal achievement
- › Excellent prospects for personal development and assumption of responsibility
- › Extensive support and introductory training provided by a highly motivated, professional team in a pleasant working atmosphere
- › Open, dialog-oriented corporate culture, faster decision routes
- › Flextime policy
- › An easily accessible work location in a prestigious Hamburg neighborhood

Is this what you're after?

Then our team is your place to be! We're looking forward to receiving your application, including salary expectations and the earliest possible entry date. In case you have any questions, don't hesitate to contact us by phone or via e-mail.

pdv Financial Software GmbH

We develop the future. Based on DECIDE, the modern end-to-end software platform for the capital market, we support banks, brokers and stock exchanges to successfully drive their digital transformation.

For over 25 years, we have brought innovative solutions for the financial industry to market, enabling our clients to keep ahead of the competition and to benefit today from technologies and applications which will set tomorrow's standards. Currently we are 70 highly motivated professionals and want to grow our team. Get aboard!
